Objective and Policy

The SEM Income Fund is designed for investors seeking a steady and reliable flow of income through quarterly distributions. It invests primarily in long-term Government of Ghana bonds and other medium- to long-term fixed income securities issued by government, corporate entities, and Bank of Ghana licensed banks, focusing on capital protection and stable income. The Fund also includes selected high dividend-yield equities with stable earnings and cash flows to enhance returns.

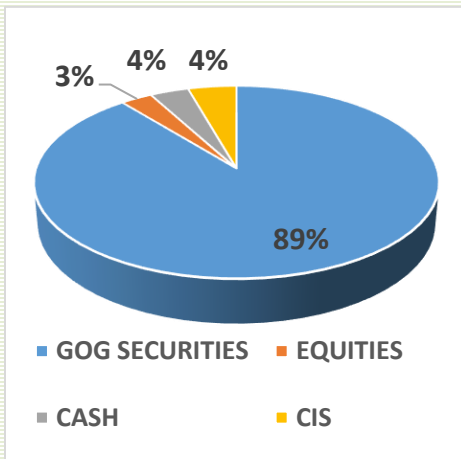

Investment Styles

- High Coupon Rates
- Low Price to Earnings Ratios
- High Dividend Yields
- Managed Volatility

Risk

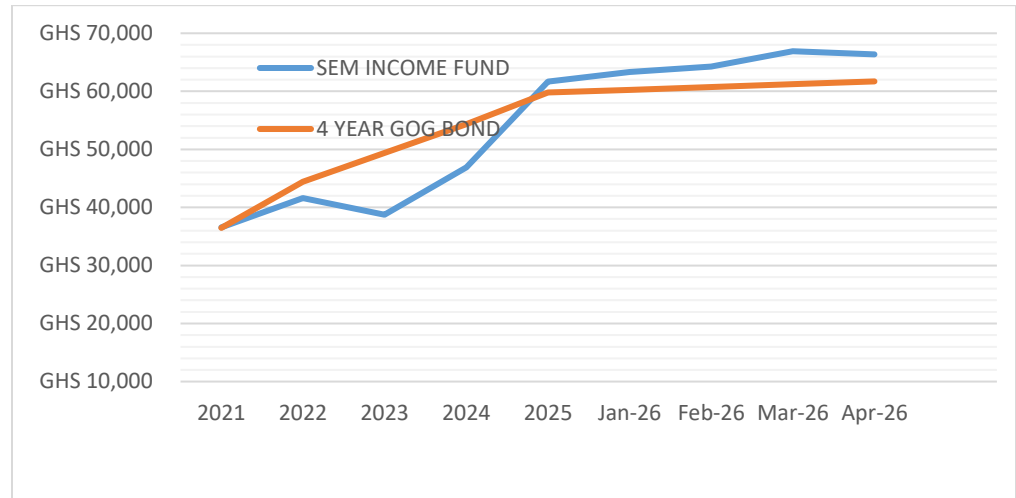

The Fund invests in fixed income instruments and GSE-listed equities, with the equity portion subject to normal market fluctuations.

Asset Allocation
